

WEAR PARTS

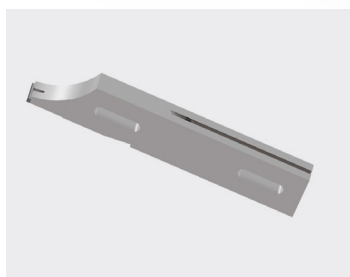

*PCD, PCBN, TUNGSTEN
CARBIDE, CERAMIC*

WEAR PARTS

Extended tool life through superior wear resistance
Customized solutions for all applications

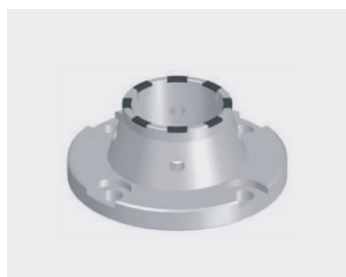

BEARING APPLICATIONS

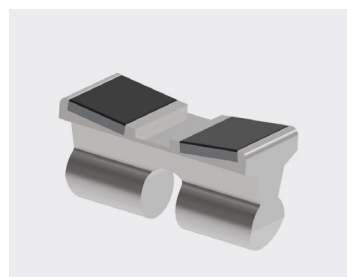

Loading shoe

Front plate

Backing plate

Shoe

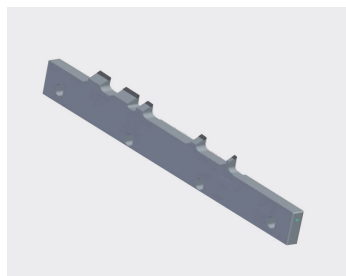

OTHER APPLICATIONS

Guide blade

Supporter

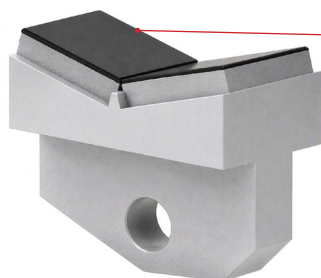

Centerless blade

Pusher

MATERIALS OF WEAR PARTS

PCD / PCBN	TUNGSTEN CARBIDE	CERAMIC
- Excellent wear resistance - High precision - Good surface finish	- Good wear resistance - High design flexibility	- Better wear resistance - Excellent heat resistance

- PCD, Tungsten Carbide, Ceramic
- Excellent surface finish
- Excellent flatness accuracy
